Interested parties, which are informed on the time prescribed in the public announcement, may, by written application, to review available information concerning the investigation, taking into account the confidentiality of information.

3. Upon written request the Ministry shall develop opportunities for interested parties to meet to express their views and opposing arguments. There is no obligation for the parties to participate in such meetings and this is without prejudice to either party concerning the issue.

4. When information is not submitted within the timeframe set by Ministry or the investigation is hindered, the Ministry will come to the conclusion based on facts available to it at that time. In cases when the Ministry concludes that interested parties have submitted unreliable information, this information will not be taken into consideration.

5. Where an application is withdrawn during the investigation process, the Ministry shall assess the situation and decide to close the investigation, except when the investigation is in the interest of the Republic of Kosovo.

**Article 11**

**Duration of an investigation**

1. The investigation shall be done within the term of one hundred and eighty (180) days.

2. In special cases the Ministry may extend the mentioned term maximum by sixty (60) days.

3. In the event of extension of the term, the Ministry shall publish an official notification, in the same manner as for the notification of the investigation, indicating the reasons and the duration of the extension.

**Article 12**

**Collection of information**

1. During an investigation, the Ministry may send questionnaires to interested parties, which
the Ministry believes may have valuable information concerning the investigation, including domestic producers, importers, exporters, foreign producers and governments of exporting countries directly interested for the products under investigation.

2. The Ministry shall give at least thirty (30) days to exporters, foreign producers and interested countries receiving the questionnaire, to provide their answers. This time limit will begin from the date the questionnaire was sent to the recipient or delivered to the diplomatic mission of the exporting country.

3. The extension of fifteen (15) days term may be provided to the party for submission of answers and will approve the extension of the term if there are reasonable grounds.

4. During the investigation, the Ministry may, through questionnaires or written request for clarification or more information, request additional information from interested parties.

5. The Ministry may conduct verification inspections for the purpose of verifying information provided by the interested parties. Parties shall be notified on the type of information to be verified during verification inspections, although this shall not prevent them from submitting requests for further details to clarify the information received.

6. The Ministry shall come to conclusions and issue recommendations after consultation with the Commission and based on available information.

**Article 13**

**Consultation upon request of the participating interested parties**

1. The Ministry shall, upon request of the participating interested parties, organize consultations, at which all participating interested parties may present information and arguments. A written request for consultations shall be submitted no later than forty five (45) days after the initiation of an investigation and/or application of a provisional safeguard measure.

2. Participating interested parties shall submit to the Ministry the list of the representatives who will participate in the consultations at least seven (7) days before the date of consultations.

3. Consultations shall be presided by an authorized representative of the Ministry, who shall assure that confidentiality of information representing trade or state (official) secret shall be preserved, as well as shall provide equal opportunities for all the parties to present their views. The Ministry shall make protocols of the consultations, which shall be promptly placed in the public file, with the exception of information, pursuant to the Article 24 of this Law.

4. If one of the interested parties refuses access or otherwise refuses providing requested and necessary information or disrespects deadlines determined by this Law or considerably hinders investigation, then conclusions and results may be drawn based on available facts.

5. When it is found that any interested party has provided incorrect or disorientating information, such information shall not be taken into consideration and results can be made based on available facts.
Article 14
Written Arguments

1. In cases when consultations are held, any participating interested party may submit written arguments and objections on any matter relevant to the investigation no later than ten (10) days before the scheduled date of consultations. Within ten (10) days after the consultations, parties participating in consultations may submit further written arguments and objections in response to the information and arguments presented during the consultations.

2. In cases when consultations are not held, any participating interested party may submit to the Ministry written arguments relevant to the investigation, no later than forty-five (45) days after the initiation of the investigation. Within ten (10) days after the deadline for presenting the written arguments, participating interested parties may submit additional written arguments in response to the written arguments submitted by other parties.

3. After application of provisional safeguard measure, participating interested parties may submit to the Ministry their written arguments relevant to the investigation, within fifteen (15) days from the date of the application of a provisional safeguard measure.

Article 15
The Conclusion on Serious Injury or Threat of Serious Injury

1. The Ministry in cooperation with the Commission shall, through an investigation, make a conclusion on serious injury or threat of serious injury, including also the causal link between serious injury or threat of serious injury and importation of the investigated product in increased quantities and under existing conditions. The Ministry and the Commission’s conclusion shall be based on factors relevant to the issues that have an impact on the situation, particularly:

1.1. quantity of the investigated product and the rate of its increase;

1.2. share of the domestic market captured by the increased imports of the investigated product;

1.3. prices of the imported products;

1.4. the impact of imports of the investigated product in increased quantities and under given conditions, taking into account the following factors:

1.4.1. volumes of the domestic production;

1.4.2. production capacity utilization;

1.4.3. inventories of the product,

1.4.4. market share,

1.4.5. sales level,

1.4.6. employment and wages,
1.4.7. product prices in the domestic market;

1.4.8. profits and losses;

1.4.9. return of the invested capital; and

1.4.10. circulation of money;

1.5. factors except trends in imports which cause or may cause serious injury to the domestic industry.

2. When factors except the increased imports cause simultaneously injury to the domestic industry, such an injury is not accredited to the increased imports.

3. In case of threat of serious injury the Ministry, in addition to the factors mentioned in the paragraph 1 of this Article, shall take into account the following factors:

3.1. the export capacities of the investigated product in the exporting countries or countries of origin;

3.2. possibilities of increasing the imports of the investigated products into the territory of the Republic of Kosovo;

3.3. other factors.

**Article 16**

**Termination of investigation**

1. If, through the investigation, the Ministry after consultation with the Commission concludes that no safeguard measures are necessary, the Ministry takes a decision on the termination of investigation.

2. The decision to terminate the investigation, based on the recommendation of the Commission, shall include conclusions made as the result of the investigation and a brief description of the grounds of the conclusions.

3. The Notice of Decision shall include all relevant information on the facts and reasons for the decision, taking into account the confidentiality of information and in particular:

3.1. names of known exporters and producers of the product under investigation;

3.2. full description of the product under investigation, required for customs purposes, including tariff classification based on the TARIK;

3.3. the increased quantity of imports;

3.4. factors affecting the determination of injury and causal link, including information on these factors, other than increased imports that are taken into account;
3.5. any other reason that has lead to the final decision;

3.6. reasons for consideration or rejection of arguments, or relevant charges raised by the exporters or importers, and

4. The Notice of termination of the investigation shall be published on the website of the Ministry and in the Official Gazette of the Republic of Kosovo.

**Article 17**

**Additional consultations**

1. Before application of a safeguard measure and, in case of application of a provisional safeguard measure, immediately after the measure takes effect, in response to an official written request, the Ministry in cooperation with the Commission shall carry out direct consultations with interested countries supplying the investigated product.

2. The following issues shall be examined during the consultations:

   2.1. trends and conditions of imports of the investigated product, the economic and trade situation;

   2.2. opportunities for the implementation of mutually acceptable measures aimed at improving the existing situation;

   2.3. the measures to be applied and their possible effects.

3. Pending a solution, the Ministry after consultation with the Commission shall take the measures deemed necessary.

**Article 18**

**Provisional safeguard measures**

1. Provisional safeguard measures shall be established by the decision of the respective Ministry of the Republic of Kosovo if recommended by the Commission pursuant to a preliminary determination that there is significant evidence that increase of imports of the investigated product have caused or threatened to cause serious injury.

2. Provisional safeguard measures shall be applied when:

   2.1. in decisive circumstances, where delay would cause damage which it would be difficult to repair, by undertaking the necessary promptly actions; and

   2.2. where a preliminary determination provides clear evidence that, based on clear preliminary data, it is verified that the increased imports have caused or threaten to cause serious injury.

3. Provisional safeguard measures take the form of a tariff increase. In the event of repeal of the provisional measure, due to non-authentication during the investigation of injury or threat of injury to domestic industry caused by increased imports, the tariff increase shall be immediately
repaid to the payer.

4. Duration of provisional safeguard measures shall not exceed two hundred (200) days. The duration of a provisional safeguard measure shall be calculated as part of the total period of application of safeguard measures.

5. The product which is the subject of a provisional safeguard measure may be imported into the territory of the Republic of Kosovo for free circulation after the payment of obligations on provisional safeguard measures imposed by the decision of the Minister, or after giving of the warranty or other equivalent payment guarantee.

6. The Ministry shall continue the investigation during the application of the provisional safeguard measures in order to determine the need for further application of the safeguard measure.

7. If after further investigation, the Ministry concludes that increased imports of the product investigated in the territory of Kosovo does not cause or threaten to cause serious injury to domestic producers, the amounts paid as provisional safeguard duties during application the provisional safeguard measure will be returned to the payers within a thirty (30) days after the decision of the Government of the Republic of Kosovo.

8. If, after further investigation, the Ministry concludes that increased imports of the product investigated in the territory of Kosovo causes or threatens to cause serious injury to domestic producers, the amounts paid as provisional safeguard duties during the application of provisional measure shall immediately be changed to the status of safeguard duties.

**Article 19**

Definitive safeguard measures

1. If the Ministry, after the investigation conducted pursuant to the provisions of this Law, concludes that the investigated product is being imported into the territory of the Republic of Kosovo in such increased quantity and under such conditions that causes or threatens to cause serious injury to the producer, the Ministry shall publish a public announcement for the implementation of the definitive safeguard measure in the Official Gazette. The safeguard measure shall be imposed if based on objective evidence there is shown the existence of casual link between the increased imports of the respective product and serious injury or its threatening.

2. When the final decision is made on final imposition of safeguard measures the following shall be taken into account:

   2.1. short and medium-term economic and social costs as a result of application of the measure;

   2.2. cost of the non-application of the safeguard measure;

   2.3. impact of the safeguard measure on consumers and domestic market competition.

3. Definitive safeguard measures shall be applied for the time necessary to prevent or remedy the injury caused to domestic industry and to facilitate the adaptation with the market. Safeguard measures take the form of:
3.1. additional customs value;

3.2. import volume restrictions;

3.2.1. where restrictions on import volumes are applied as a safeguard measure, the following shall be particularly taken into account:

3.2.1.1. trade exchanges;

3.2.1.2. volume of products exported to the Republic of Kosovo, according to contracts concluded before the entry into force of a safeguard measure;

3.2.1.3. the impact of the adverse side of imposing a quantity restriction on imports.

4. Quantity restrictions, as provided in sub-paragraph 3.2 of paragraph 3 can not be lower than the average level of imports in the last three (3) years for which there are statistics, as long as another level is not necessary, to prevent or remedy the serious injury caused to the domestic industry.

5. In order to apply a safeguard measure, the following shall be determined:

5.1. the product which is subject of the measure and its tariff code;

5.2. the initial period for the application of safeguard measure;

5.3. the scheme for a progressive liberalization of the measure;

5.4. conditions for application of safeguard measure, and

5.5. the grounds for application of safeguard measures.

6. The release of products for free circulation in the territory of Kosovo can be granted only after payment of safeguard duties.

7. The imposition of safeguard measures will not prevent products, in the territory of Kosovo, which were exported or will be exported to the Republic of Kosovo under the terms and conditions of a contract which was formally made before the date of imposition of safeguard duties.

8. When the amounts of the definitive safeguard measure is less than the amount of the provisional safeguard measure, the difference shall be returned, whereas where the amount of the definitive safeguard measure is greater than the amount of the provisional safeguard measure, the difference is collected.

9. If the Ministry in cooperation with the Commission decides that implementation of definitive safeguard measures is not necessary, the provisional safeguard measures shall be repealed and the amount collected earlier as a result of provisional safeguard measures shall be returned in accordance with the provisions of legislation into force on refund of customs duties.
Article 20

The Duration of a Safeguard Measure

1. The duration of an initial safeguard measure shall not exceed four (4) years, including duration of the provisional safeguard measure based to Article 18, paragraph 4 of this Law, if there is no after effect of preventing the damage or threat of harm.

2. The mentioned period can be extended, if the Ministry determines through latter investigations, conducted according to the provisions of this Law, that the application of the safeguard measure continues to be necessary to prevent or remedy serious injury, and if there is evidence that the situation with respect to the producer’s productivity or economic conditions are improving due to the application of the safeguard measure.

3. The investigation with respect to the extension of the period of the safeguard measure shall be initiated at ninety (90) days before the end of the period of the initial measure already being applied.

4. The total duration of a safeguard measure (including the duration of the provisional measure and the durations of the initial and extended measures) shall not exceed eight (8) years.

5. Extension of the period of a safeguard measure shall cover the same products, on which the initial safeguard measure was applied. The conditions of the extended safeguard measure shall not be more restrictive than those at the end of the period of application of the initial measure.

6. If the duration of a safeguard measure exceeds one (1) year, the measure shall be liberalised progressively, with constant intervals during the application period, while when it exceeds three (3) years, then the situation shall be reviewed no later than half length of the application of the measure, in order to determine whether it is still necessary to apply or increase the pace of liberalization.

Article 21

Review of Safeguard Measures

1. When the duration of applied safeguard measure is more than three (3) years, the Ministry in collaboration with the Commission shall, not later than the mid-term of period, conduct a review of the current situation, particularly, with the effects of the safeguard measure to producers. The Ministry shall, through the review determine the necessity of continuing or ceasing the application of the safeguard measure, or modifying the conditions of its application.

2. The Minister takes the decision on continuation or withdrawal of the safeguard measure.

3. The Ministry shall issue a public notice in the Official Gazette for results of the review and the findings and decisions arising therefrom.

4. Investigations for review shall be carried out according to the procedure of investigations established by this Law.
Article 22  
Reaplication of a Safeguard Measure

1. A safeguard measure may be reapplied on the import of a given product, only after two (2) years from the expiry of the applied safeguard measure.

2. According to the provision of the paragraph 1 of this Article, where the duration of the applied safeguard measure does not exceed hundred and eighty (180) days, a safeguard measure with duration of hundred and eighty (180) days or less may be reapplied to the import of a given product if:

   2.1. at least one (1) year has elapsed since the date of introduction of a safeguard measure on the import of that product, and

   2.2. safeguard measures have not been applied on the same product more than twice in the five (5) year period immediately preceding the date of reaplication of the measure.

Article 23  
Public file and the right to information

1. The Ministry shall establish a public file on each investigation, where shall be placed all the conclusions, decisions, notifications, protocols of consultations, written arguments submitted to the Ministry that are relevant to the matter, and any other document which the Ministry considers appropriate for public disclosure.

2. Taking into consideration the request for confidential information on safeguard measures, the file shall include:

   2.1. all public reports related to an investigation or review;

   2.2. all materials, including questionnaires, written responses and notifications submitted to the Ministry;

   2.3. all other information drafted or obtained by the Ministry, including reports of verifications conducted; and

   2.4. other documents which are deemed to be confidential for the public.

3. Materials of the public file, except for confidential data, shall be available for the general public for acknowledgement and copying.

Article 24  
Preservation of Confidentiality

1. Any information which is by nature confidential or is provided on a confidential basis, if the cause is indicated, shall be treated as such by the Ministry.

2. Such information will not be made public without the consent of the submitting party.
3. Data is treated as confidential when:

3.1. making them public has unfavourable effects for the person who submitted them or the person from whom such data is received;

3.2. parties prove that they have obtained the data on a confidential basis.

4. Interested parties, who have provided confidential information, should provide a detailed summary of this data, without violating confidentiality, sufficient to understand the essence of the information provided as confidential. For special occasions, parties can explain that such information may not be summarized by providing written justification.

5. Data is not treated as confidential when:
